After a dozen plus years in the adult industry, I've learned that very few women are actually cut out for this type of work. Not just anyone can be an escort, call girl, stripper or Domme. Many women think they can pop into this life and make a quick buck and go back to their "real" life. Women young and not so young think they don't have to be responsible or honest or sober to do this job and be successful - they couldn't be more wrong...

This book asks 15 essential questions - if you can answer yes to them, then you just might have what it takes.
