## **A Study of the Federal Reserve and Its Secrets** Eustace Clarence Mullins

This book explains how the Federal Reserve works, points out that it is not a U.S. Government Bank and that its agenda and policies are designed to profit private citizens and not the American People. It also explains how vehemently opposed to such a system Thomas Jefferson was. "If Congress actually had retained its sovereignty and refused to let Woodrow Wilson and Carter Glass hand over the sovereign right of coinage and the issue of our money to private bankers in 1913, the American people today would not stand on the brink of slavery. The Federal Reserve System has been the death of our Constitution, and the end of our liberties. The Federal Reserve Board of Governors, chosen by and working for the powerful international bankers, have inflicted catastrophe after catastrophe upon our people." -Eustace Clarence Mullins
