This CRJ 200 Aircraft Systems Study Guide will help you walk into your oral exam with confidence. This study guide covers all of the CRJ 200 systems in an efficient question/answer format. Reading and reviewing systems information in a manual doesn't necessarily challenge a pilot's knowledge of the aircraft. Reading a question and trying to answer it from memory is much more challenging and provides positive feedback. STOP going through your systems manual trying to figure out what you know and what you don't know. After going through this study guide a few times, you will easily organize what you know and what you don't know on the CRJ 200. This kind of organization will make it much easier and faster to study for your next CRJ checkride. Need a better way to study for a CRJ training event? Try the Aviation Study Made Easy System. • Over 1,200 questions with answers • The average time to go through a system chapter in our book, after organizing the information, is 15 minutes • Easy to quiz yourself • 100% of your study time will be spent on information you don't know • Easily organize all of the systems information for future training events • Build your confidence Whether you are studying for an initial training event or recurrent training, this book will help you prepare efficiently.
