In the explosive conclusion to the Alexis Parker prequel series, the OIO is hot on the trail of a bomber. So far, there has only been a single detonation at an impound lot, but with a threatening phone call promising more fireworks, it is a race against time to identify the bomber and stop him before there can be more destruction.

Agent Parker has been on the job for over four years, chasing suspects, identifying leads, and becoming close with her federal agent brethren, but a single moment can alter the outcome of one's fate. The stakes are higher than they've ever been, and Parker is running on fumes.

Find out what served as the impetus for all the major changes in her life and what leads her to becoming James Martin's personal bodyguard in this compelling final installment.
