For courses in Introduction to Cultural Anthropology

Connect with the World Around Us Through Cultural Anthropology

Introduction to Cultural Anthropology: A Global Perspective acquaints readers with the cultural discipline of anthropological studies. The text recognizes that in the nature of our 21st century world, humans need a much greater capacity for understanding different cultures than ever before. By examining classical and current research, the text brings readers closer to the theories, data, and critical thinking skills needed to understand global humanity.

The **Ninth Edition** takes a comparative and interdisciplinary approach in its evaluation of topics such as human evolution, language divergence, and social developments throughout the world. By introducing readers to different perspectives of this global topic, the text provides a comprehensive introduction to the field of cultural anthropology.

Also available with MyAnthroLab

MyAnthroLab for Cultural Anthropology courses extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyAnthroLab does not include an eText.

Cultural Anthropology: A Global Perspective, Ninth Edition is also available via **REVEL™**, an immersive learning experience designed for the way today's students read, think, and learn.
