These outlines, comprising a five year course of Sunday School lessons through the Scriptures, appeared originally in Faithful Words, a gospel magazine. In response to many requests they are now gathered together in one volume. The reader will observe that one outline appears on each page surrounded by a generous margin upon which the student may place any additional notes and comments resulting from his own study of the lesson, thus enabling him to make these outlines his own. The paper has been specially selected for this purpose. These outlines have been purposely condensed so that they will be merely suggestive and an encouragement to further study, rather than an excuse to avoid that study and preparation so necessary to the teacher and preacher. All the Scripture references should be looked up and well pondered, and their relation to the lesson determined.
