Adam and Calvin are still living and loving on Calvin's ranch in back country Texas in this sequel to Recovery. Adam's time at the ranch has helped him a lot, and he and Calvin figure there must be other veterans who could use time on the ranch to find their own peace.

Before they can start, though, they need to get the ranch ready for the men who'll come to heal. They also need to deal with their own relationship as it grows and changes. Then there's Adam's father, who's none too happy to find out that his old friend has become his son's lover.

Will Calvin and Adam be able to survive their trials and tribulations and find the healing and peace they're looking for, not only for others, but for themselves as well?
