Doll-making inspired by cultural icons

Finding meaning in your art is one thing; doing it for the fun of the creation is another. How do they go together? Making dolls inspired by cultural icons brings new meaning to your work and helps you connect with larger universal truths. Doll makers are very conscious of and interested in the history of the human/female figure and cultural icons, and often use them as starting points for their designs. Spirit dolls, African icons, goddess figures, and Hopi katchinas are all popular forms.

Using history as a starting point, Lisa-Li Hertzi has created five exciting doll projects, inspired by five very different cultural and historical icons/figures. Through the projects, she explores the creative process, the meaning and significance of each figure, and teaches techniques that doll makers are currently experimenting with: journaling, collage, mixed media, and found objects. Each doll is presented as a step-by-step project with complete instructions, and is followed by a gallery featuring interpretations by leading doll artists of the same cultural figure. Fantastic full color illustrations and patterns by the author are included.
