## **Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications)** Bushra Anjum, Harry G. Perros

We present queueing-based algorithms to calculate the bandwidth required for a video stream so that the three main Quality of Service constraints, i.e., end-to-end delay, jitter and packet loss, are ensured.

Conversational and streaming video-based applications are becoming a major part of the everyday Internet usage. The quality of these applications (QoS), as experienced by the user, depends on three main metrics of the underlying network, namely, end-to-end delay, jitter and packet loss. These metrics are, in turn, directly related to the capacity of the links that the video traffic traverses from its source to destination. The main problem that this book addresses is how much bandwidth we should allocate on the path from source to destination of a video traffic flow such that the end-to-end delay, jitter and packet loss of the video packets are within some expected required bounds.

### **From reader reviews:**

#### **Tracy Gardiner:**

The feeling that you get from Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications) may be the more deep you looking the information that hide inside the words the more you get considering reading it. It does not mean that this book is hard to know but Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications) giving you joy feeling of reading. The copy writer conveys their point in particular way that can be understood through anyone who read that because the author of this reserve is well-known enough. This particular book also makes your vocabulary increase well. It is therefore easy to understand then can go along, both in printed or e-book style are available. We highly recommend you for having this particular Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications) instantly.

#### **Teresa Dillard:**

This Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications) are usually reliable for you who want to be described as a successful person, why. The main reason of this Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications) can be among the great books you must have is actually giving you more than just simple reading food but feed an individual with information that possibly will shock your prior knowledge. This book will be handy, you can bring it all over the place and whenever your conditions in the e-book and printed versions. Beside that this Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications) giving you an enormous of experience including rich vocabulary, giving you trial of critical thinking that could it useful in your day action. So , let's have it and luxuriate in reading.

#### **Marietta Allred:**

The reserve with title Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications) has a lot of information that you can learn it. You can get a lot of help after read this book. This kind of book exist new understanding the information that exist in this book represented the condition of the world right now. That is important to yo7u to be aware of how the improvement of the world. This kind of book will bring you throughout new era of the the positive effect. You can read the e-book on your own smart phone, so you can read the item anywhere you want.

#### **Ralph Overman:**

What is your hobby? Have you heard which question when you got college students? We believe that that concern was given by teacher with their students. Many kinds of hobby, All people has different hobby. And also you know that little person similar to reading or as reading become their hobby. You need to know that

reading is very important in addition to book as to be the matter. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You will find good news or update about something by book. Different categories of books that can you take to be your object. One of them are these claims Bandwidth Allocation for Video under Quality of Service Constraints (Focus: Networks and Telecommunications).
