Sex is the grease that keeps the wheels of romantic relationships turning smoothly. When you start going out, you probably find it impossible to resist each other. In fact, you are likely to do crazy sexual things in the park or on your evening commute. When you think about him or her, your heart races and you cannot just wait for the next moment you see him or her.

Well, if only this fire could keep burning for the rest of your life, sexless relationships wouldn't exist and cases of having to seek sexual release outside your relationship won't even exist. Unfortunately, there seems to be a bug that catches many couples in long-term relationships. Sex starts diminishing and it isn't uncommon to hear couples confess that they have sex once a month or just a couple of times a year.

Then you might wonder; what really happened that makes him or her less attracted to you sexually? And what can you do to change the situation? Well, this book will help you to understand all that and help you skyrocket your sex life.

Even if the passion is there, but you just want to take your relationship to a higher level, this book is for you. I share with you some fun and exciting ways to help you discover how to have more intimacy and passion in your relationship for an amazing sex life.
