Women & Beauty

Women & Beauty Sophia Loren

From an Amazon buyer review: "Although this book on women and beauty was written over 20 years ago I found it both relevant and refreshing. The author Sophia Loren gives her opinions gently but firmly and she makes reading about her life both entertaining and informative. Here are some of the chapters: Some Thoughts on Beauty The Pursuit of Beauty (in which she covers discipline, hair, skin, make-up, fashion and style, healthy diet, and exercise.) The Mystery of Beauty (in which she covers charm, men and love, pregnancy and motherhood, tranquility, and coming to terms with age. I certainly think any woman interested in beauty, especially women over 30 years of age would find much useful information in this book."
