If you have an interesting or colorful life story to tell, why not share it with the world in the form of a personal memoir? Unlike autobiographies that depict every single phase of one's life, a memoir primarily captures the essence of the most powerful moments you might want to memorialize for eternity. In this book, you're going to learn all the ins and outs of writing a memoir. Together we'll walk step-by-step through the stages of brainstorming, gathering memorabilia, selecting a writing style, so on and so forth. While you're reading this book, it's important to keep in mind that writing a memoir is not the same as writing a personal diary or sequence of events in a matter-of-fact way. Therefore, the writing techniques presented in this book are going to help you ensure that your personal memories are presented in a way that resonates with and appeals to the five senses of the readers, while exposing the various facets of the conflicting emotions you may have experienced - from inner strength to intense vulnerability - thus breathing life into the very foundation of your story.
