The Biz Buy Guide: How to Find, Analyze, and Buy Legitimate Website Businesses. Jack Deutsch

Investing in online businesses to create new cash flow streams is, in my opinion the best way to secure your financial future. This eBook will show you where to buy internet businesses and give you the same step-by-step method I personally developed to find and purchase my websites which are currently earning me thousands of dollars every month.

Buying website businesses is not my day job. It was basically just a hobby that turned into a second income.... a second income that is now large enough to be my primary income if I chose to quit my day job.

Book Extract:

There are plenty of ways to earn extra cash. Just turn on your TV after midnight and every other channel has some sort of get-rich-quick pyramid scheme. This is not a get-rich-quick scheme. I'm not promising that you will make boatloads of cash overnight, because you won't. This is an investment. This eBook will show you how to buy an actual business. Many times if you were to buy a brick and mortar business it would take 5-10 years to pay off what you paid for it. In the world of website businesses, sites typically sell for six months to two years net profit. Meaning, it will probably take you six months to two years to pay off your investment. In comparison to a brick and mortar business purchase, that is outstanding! Once you have your initial purchase price paid off you will be making money free and clear. Plus once you decide to sell the site you will hopefully recover your initial investment plus growth on top of that.

This concise eBook is 28 pages and gets to the point quickly. It's easy to understand as it's written by a guy who knew absolutely nothing about purchasing website businesses until I bought my first one. It contains the following twelve chapters and introduction:

Introduction

Chapter 1: The Best (Small) Investment You Can Make

Chapter 2: How to Earn Extra Cash

Chapter 3: The Entrepreneur in You

Chapter 4: The Formula For Success

Chapter 5: Where To Buy Website Businesses

Chapter 6: Set Up An Account

Chapter 7: How The Auction Works

Chapter 8: The Step-By-Step Method

Chapter 9: Analyzing Search Results

Chapter 10: Bidding Strategy

Chapter 11: After The Auction

Chapter 12: I Own A Website Business...Now What?
