Family Life Now (2nd Edition)

Kelly J. Welch

Family Life Now (2nd Edition) Kelly J. Welch

A candid and thoughtful conversation about families and family life. This text combines the personal touch and scholarly expertise of an outstanding teacher to explore the ways that family members and intimate partners interact, and how families adapt to stresses, changes and everyday challenges. We are all a product of our families of origin. How that influences who we are and who we become is a central theme woven throughout Family Life Now. This book follows the Family Life Education framework to examine marriages, families, and intimate relationships. Throughout the text, theories from the fields of sociology, family studies, psychology, lifespan human development, and other social sciences are integrated so that they can be applied to real life situations. The text also presents enough biological science to explain some of the physical realities of who we are and why we behave as we do.
