Rise and Shine: Tiny Bee's Diary (Rise and Shine Book 2) Rodica Licsari

Dear all, as you well know, early this spring, when the snow had not yet melted and the snowdrop didn't yet dare to come out from under its warm blanket, we all went exploring the amazing world of plants and animals in the book "Rise and Shine: Tiny Bee's Adventure".

In the warm, sweet spring days we became friends with a great deal of animals, we were moved by the hungry mouse's story, we watched in awe the butterfly's graceful flight and we fearlessly entered the mole's narrow tunnels.

In the hope that you've all enjoyed these adventures as much as I did, I invite you to accompany me throughout the hot, long summer days in the sequel "Rise and Shine: Tiny Bee's Diary".

We'll discover that animals live a life very similar to ours. They too first build a nest or dig a tunnel, after which they form a family, raise babies, teach them to fend for themselves and protect themselves, until one day they are able and strong enough to stand on their own.

Come with me and let's start a new adventure!

Your dearest friend,
Tiny Bee
