Has the Civil War really ended?

Historical fiction is my passion. I so love bringing history to life - the reason I dedicate most of my time to writing historical fiction books!

Carried Forward By Hope is the 6th book in the ongoing Bregdan Chronicles historical novel series. It's readers like you who have turned it into a worldwide bestseller. Thank you!

Description: Carrie and Janie are living their dream in Philadelphia, but what price will they pay when cholera sweeps through America once again?

Robert searches for peace on the plantation, but forces are in place that are determined to deny it. Moses and Rose are driven by forces beyond their control to become leaders in the midst of a violent racial revolution.

Jeremy discovers love, but will the reality of his heritage make it impossible, and will he survive the forces determined to destroy the factory? And will Matthew finally free his heart?

Volume # 7 of the Bregdan Chronicles continues to sweeping historical saga that now encompasses the first full year of American Reconstruction.

\*\* How many books will be in the Bregdan Chronicles? You'll have to ask God about that... I intend to write these character's stories, one year at a time, for as long as I'm able to write. I'm passionate about bringing history to life through historical fiction. Since I'm amazingly healthy, that could be for a very long time! I don't like stories to end any more than you do. This one won't end for a very long time!

Review: I appreciate this book as much as the first 6 books in this series. The author, Ginny, keeps your attention by ending every chapter with a peaked desire to get on to reading the next one. Learning more about the reality of civilization in American in the nineteenth century and reading about the courage and hope that the individual characters in the book had to have to move forward is encouragement for us today to never stop working for change and equality. Nothing is new under the sun as even today in the 21st century there is still so much that calls for change. There is a need to value life and to acknowledge that all men and women are created equal in God and in His image. This book is an encouragement to continue the fight for equality, respect for each other and a need to acknowledge that irregardless of gender or color every individual was created in the image of God and are called to reflect that as we live in our respective communities. Keep up the great work Ginny, your work and your writing is appreciated very much. I look forward to "Shifted by the Winds".

Review: This has to be the best book in the Bregdan series. I learned so much about what happened in this country in 1866. I appreciate the time and effort the author spent in studying the overall political situation in

the southern states and President Johnson's refusal to intervene. The riots initiated by the police against the blacks in Memphis and New Orleans were horrifying. Yet I never felt like I was reading a history book due to the personal involvement of all the dear people that I have come to love throughout this series of books. Can't wait for the next one, Ginny Dye.
