One of those books I wish I could read for the first time again . . . It's beautiful, heart-wrenching, and something that everyone needs to read for themselves." -BooksbyMigs.com on *Upside Down* **It was only meant to last the summer** . . . Talia Stolfi has seen more than her share of loss in her twenty-one years. But then fate brought her Bran Lockhart, and her dark world was suddenly and spectacularly illuminated. So if being with Bran means leaving her colorless SoCal life for rugged and wild Australia, then that's what she'll do. But as much as Talia longs to give herself over completely to a new beginning, the fears of her past are still lurking in the shadows. Bran Lockhart knows that living without the beautiful girl who stole his heart will be torment, so he'll take whatever time with her he can. But even though she has packed up her life in California and is back in his arms for the time being, she can't stay forever. And the remaining time they have together is ticking by way too fast. Though fate seems determined to tear them apart, they won't give up without a fight-because while time may have limits, their love is infinite . . . Book 2 in the OFF THE MAP series
