Collective Violence

Steven E. Barkan, Lynne L. Snowden

Collective Violence Steven E. Barkan, Lynne L. Snowden

Riots, revolution, terrorism, genocide, and other forms of collective violence have shaped the historical landscape and remain an important feature of modern life. Now in its second edition, **Collective Violence** examines the sources, dynamics, and consequences of this violence in the world today and in centuries past. Its overriding view is that collective violence is a largely rational attempt to advance or resist social and political change. Although this type of violence easily arouses strong opinions and is difficult to discuss objectively, *Collective Violence* provides a balanced perspective grounded in the fields of history, political science, psychology, and sociology.

This second edition has been completely updated with new material covering the post-9/11 world and the latest research on the many forms of collective violence. It now includes three chapters on cults; hate groups, ethnic conflict, and genocide; and gangs, survivalists, and militias to replace the one chapter that covered all these topics in the first edition. These new chapters provide a more comprehensive picture of groups and behaviors that remain poorly understood by the general public.

Written to and for students in clear and engaging language, *Collective Violence* is appropriate as a core text or supplement for courses on collective violence, social movements, and social conflict commonly found in departments of criminology and criminal justice, history, justice studies, political science, and sociology.

From reader reviews:

Jess Bolan:

In this 21st century, people become competitive in every single way. By being competitive currently, people have to do something to make all of them survive, being in the middle of the crowded place and notice through surrounding. One thing that occasionally many people have underestimated the idea for a while is reading. Yeah, by reading a book your ability to survive improve then having chance to stand up than other is high. In your case who want to start reading any book, we give you that Collective Violence book as basic and daily reading publication. Why, because this book is usually more than just a book.

Kathleen Bosarge:

The publication untitled Collective Violence is the guide that recommended to you you just read. You can see the quality of the book content that will be shown to a person. The language that creator use to explained their way of doing something is easily to understand. The article writer was did a lot of exploration when write the book, so the information that they share to you is absolutely accurate. You also could possibly get the e-book of Collective Violence from the publisher to make you a lot more enjoy free time.

Phillip Martin:

You can spend your free time to study this book this e-book. This Collective Violence is simple bringing you can read it in the park your car, in the beach, train along with soon. If you did not include much space to bring often the printed book, you can buy the particular e-book. It is make you much easier to read it. You can save often the book in your smart phone. So there are a lot of benefits that you will get when you buy this book.

Evelyn Broderick:

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Collective Violence can make you sense more interested to read.
