**Management Skills for Everyday Life: The Practical Coach (2nd Edition)** Paula Caproni

Written in a very straight-forward and practical, yet research-based, style that users, regardless of their age/gender/nationality/race/etc. find engaging because it focuses on their personal need to enhance their effectiveness, career potential (e.g., salaries, promotions, job choice and flexibility), and general well-being (the book takes work/life issues seriously). The book begins by summarizing the research that focuses on what characteristics predict managerial and professional success and which characteristics predict failure. The subsequent chapters then present each of the characteristics that predict success in more detail, as well as tools and techniques for enhancing readers' personal and professional success. For beginning to mid-level executives.
