Wildcatters: Texas Independent Oilmen (Kenneth E. Montague Series in Oil and Business History)

Roger M. Olien, Diana Davids Hinton

In the 1970s and 1980s the Texas wildcatter was a recognizable figure in popular culture. Since then, the wildcatter's role is less celebrated but still important, as shown in the new introduction to this edition of a book originally published in 1984 by Texas Monthly Press.

Drawing heavily on oral histories, this book tells the story of the West Texas independents as a group, looking at their business strategies in the context of their national, regional, and local conditions. The focus is on the Permian Basin and southeastern New Mexico over the sixty-year period in which the region rose to prominence on the American oil scene, producing about one-fifth of the nation's output. It is a story that covers vast technological change, governmental regulation, and economic fluctuation with profound implications for the oil and gas community.

The new introduction brings the story up-to-date by addressing not only the subsequent careers of the wildcatters described in the book but also the role of independents in the current economy.

It is most important to arrange you to ultimately make your knowledge are still up-date. Let's try to choose suitable ways for you.

Richard Moultrie:

As a pupil exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful photos on there. Yeah, it is to become complicated. Book is very important to suit your needs.

As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Wildcatters: Texas Independent Oilmen (Kenneth E. Montague Series in Oil and Business History) can make you sense more interested to read.
