Arthur Aron Ph.D., Elliot Coups Ph.D., Elaine N. Aron Ph.D.

Statistics for The Behavioral and Social Sciences: A Brief Course (5th Edition) Arthur Aron Ph.D., Elliot Coups Ph.D., Elaine N. Aron Ph.D.

For one-quarter/semester courses that focus on the basics in statistics or combine statistics with research methods.

The fifth edition of *Statistics for the Behavioral and Social Sciences* builds off an already well-established approach - emphasizing the intuitive, deemphasizing the mathematical, and explaining everything in direct, simple language - but also goes beyond these principles to further student understanding. By using definitional formulas to emphasize the concepts of statistics, rather than rote memorization, students work problems in a way that keeps them constantly aware of the underlying logic of what they are doing.
