This book came into being from the author's exasperation at the ignorance of many users of the Thoth tarot deck. They prefer to go by their "intuition" rather than study Crowley's companion book to the deck, The Book of Thoth. "It's too dense" they cry. "I'm not interested in these philosophies; I just want to read Tarot" The above sentence is the greatest insult to Aleister Crowley, the creator of the Thoth deck. For the deck's purpose was to convey the higher mysteries to the diviner. Crowley intended for the deck never to be sold separately from the Book of Thoth. And so, heart full of elitist snobbery and sense of obligation to Crowley, the author of this book set out to spoon feed this dense material to the masses, without watering down its contents. In the spirit of Crowley who sought to enlighten the world, the author has added his own contribution to Crowley's legacy, out of duty. It was due to Crowley's belief in freedom of information, during an era of politics and secrecy, that the author was able to get his own hands on the gem of all spiritual writing, the Book of Thoth.
