Buried secrets from the Nazi era threaten to destroy an Austrian composer

It's been years since Lucas Corinth, world-renowned composer, has set foot in the town of his birth. In that time, Europe has been torn apart by war, but Gries, an exquisite little village nestled deep within the Alps, has not been touched—at least not perceptibly. In this high-altitude paradise, the scars lie just below the surface.

As a young man, Corinth worked with the resistance, helping refugees evade the Nazis and escape across the Swiss border. When the operation was discovered, he escaped. His best friend was not so lucky. Back in Gries as the guest of honor for the town's annual music festival, Corinth receives a message: The past has not been forgotten, and vengeance will be exacted. Corinth was born in Gries, and if he's not careful, he'll die there too.
