"Can't wait to read other books by Zoe York. She reminds me in some ways of Jill Shalvis with her story telling." ~ 5 star review, Community Bookstop

Fall in love with the Wardham series: modern, sexy small town romances

Their story didn't start with a fairytale romance. Their marriage wasn't chosen for love. But they still chose each other...time and again.

Romance is the last thing on Ian's mind. He's juggling two jobs, his kids are crazy and every time he gets close to his wife, she snaps at him. Communication has never been their strong suit, and now their physical connection is fizzling as well.

Carrie knows she's being too hard on her husband, but eight years ago she had a one-night stand that turned into a lifetime of diapers and dinners. She can't shake the feeling that she wants more. Too bad she has no idea what that might be.

Between Then and Now is a standalone novella in The Wardham Series. 5 chapters, 16, 000 words. Also includes an excerpt from the next book in the series.
