Mindfulness has gone mainstream, and author Deborah Schoeberlein pioneers its practical application in education. By showing teachers how to tune into what's happening, inside and around them, she offers fresh, straightforward approaches to training attention and generating caring both in and outside of the classroom. Mindful Teaching and Teaching Mindfulness emphasizes how the teacher's personal familiarity with mindfulness plants the seed for an education infused with attention, awareness, kindness, empathy, compassion, and gratitude. The book follows a teacher from morning to night on a typical school day, at home, during the commute, and before, during, and after class. This book is perfect for teachers of all kinds: schoolteachers, religious educators, coaches, parents-anyone who teaches anything.
