The poignant tale of a woman who discovers the fragility of life and the strength of a family's love, from an author praised by Toni Morrison for "searing, expertly imagined scenes"

Known for bringing to life a host of endearing characters who reveal tender truths about humanity, Bernice L. McFadden now turns her storytelling talents to an unforgettable and deeply troubled woman named Camilla.

Unfolding in a progression of stirring and powerful chapters, *Camilla's Roses* presents a life haunted by the past. Camilla's childhood was immersed in chaos and love, and steeped in the myth of perfection. As an adult, she never looked back, refusing to acknowledge the people and places that had scarred her so many years ago. But a legacy of cancer proves inescapable, forcing Camilla to embrace the past—no matter how painful it may be—and to salvage what is left of her love in order to save her daughter. As Camilla discovers the bittersweet limitations of motherhood and reconciliation, she also awakens an inspiring message about the mortality issues we all must face.

The author of four bestselling novels, Bernice L. McFadden receives consistent accolades from reviewers coast to coast, and has captured the hearts of thousands of readers. With *Camilla's Roses*, she is poised to win over her widest audience yet.
