### **Praise for *Escape from Corporate America***

**"With insight and humor, Skillings enumerates the stages of "Corporate Disillusionment" and the features of the "toxic workplace"—the bullying bosses, moronic co-workers, "terminal boredom" and rampant racism and sexism. A multitude of questionnaires, exercises and worksheets helps readers determine their dream job, assess expenses and assets, and plot an escape plan to break free of corporate life without going bankrupt....Vignettes of successful fugitives from the corporate world populate the book and an extremely useful "Escape Tool Kit" supplies information on where and how to find career coaches, health insurance, job listings and a wealth of other much needed resources when embarking on career change. Comprehensive, informative and witty, this book will be indispensable to those looking to start new careers with concrete plans and well-defined goals."**

Pam Skillings inspired me first with her own story and then with stories who successfully escaped dreary, heartless, and sometimes nasty workplaces. This masterpiece will give you the skills to make the leap from a mind-**
